# Factors influencing wood mobilisation

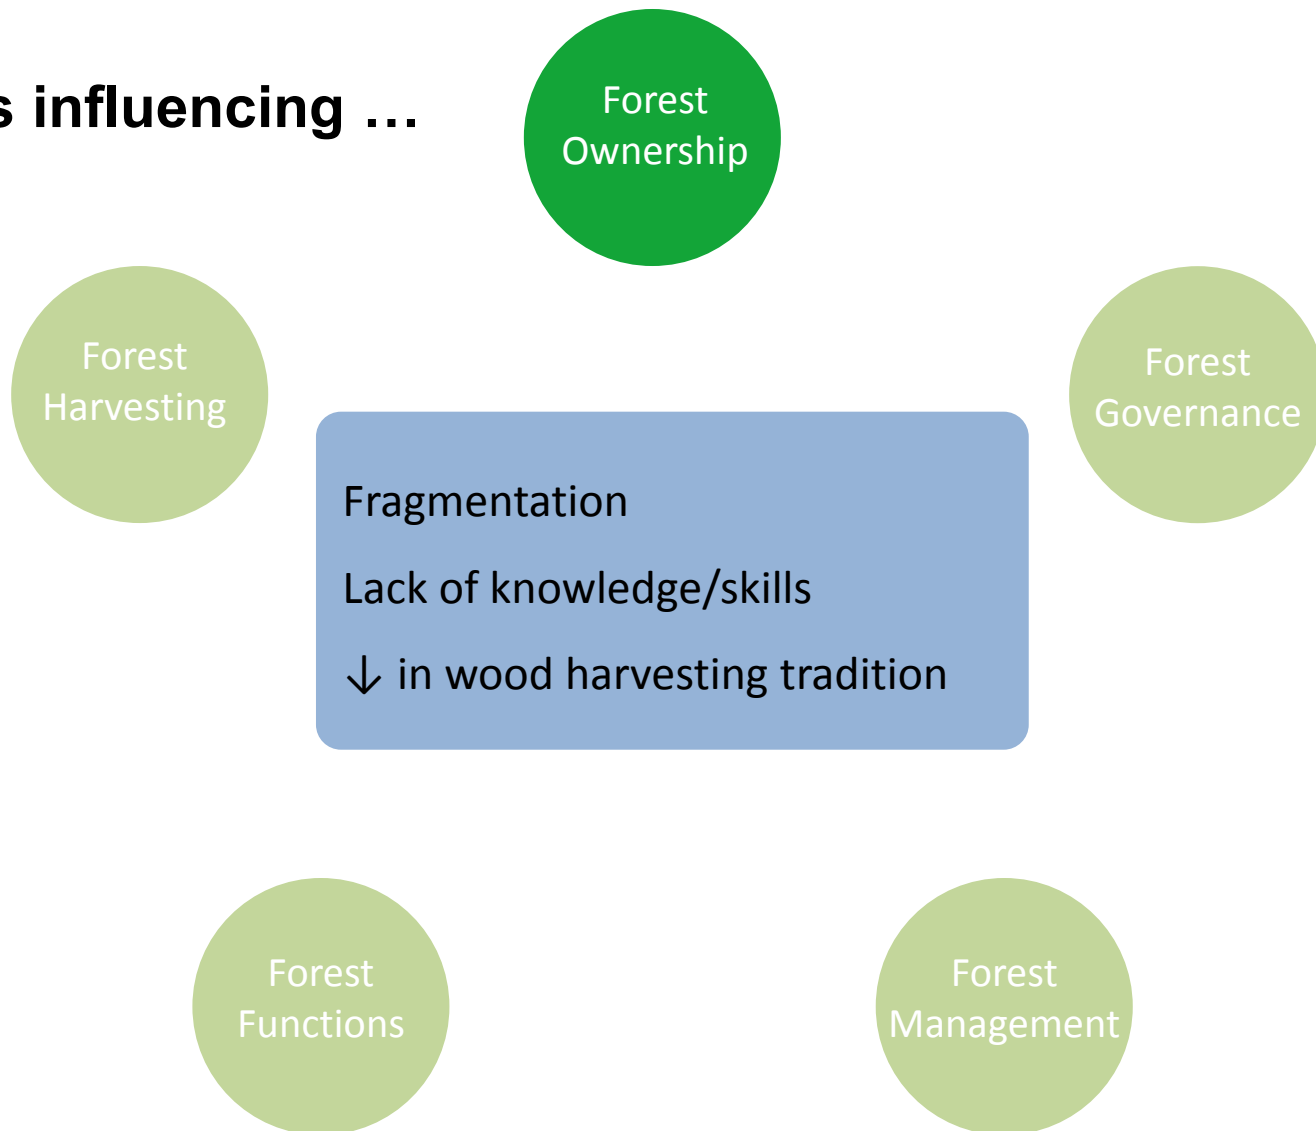

Factors influencing wood mobilisation	Bavaria	NRW	Auvergne	Grand-Est	YNEEngland	Lochaber	SE Ireland	Castille & Leon	Catalonia	Nordeste	Alentejo	Over & Geld	Slovenia	Småland	Romania	Latvia	E Finland
Forest Ownership																	
Size distribution of forests																	
Characteristics of private forest owners																	
Knowledge & skills of private forest owners																	
Forest owner objectives																	
Forest Governance																	
Actors and their programmes																	
Regulations																	
Incentives																	
Advice/information/trust																	
Forest Management																	
Composition of forests																	
Silvicultural scheme																	
Hazard risks																	
Lack of management																	
Forest Functions																	
Awareness of forest functions																	
Forest Harvesting																	
Markets																	
Price/Cost																	
Logging systems																	
Logistics																	
Environmental constraints																	
Climate constraints

Thank you for listening

Thanks to my  
colleagues Charles  
Harper and Evelyn  
Stoettner for helping  
with the presentation

This project has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no. 613762.
